RLSAS Juniors - Club Ref: cc728

SUBMITTING SCORES FOR HANDICAPS, CLASSIFICATIONS AND RLSAS CLUB RECORDS

After discussion by the RLSAS Committee the following rules now apply for submitting score sheets for handicaps and for the shooting of rounds which will be put forwards for Club Records.

The reason for these changes are:

- To ensure that all handicaps and classifications are kept up to date by the Records Officer, thereby enabling archers to shoot their next competition using accurate information.
- To ensure equity and fairness between record claims by ensuring they are all shot to the same spirit and rules of shooting for competitions.

Submitting Scores for Handicaps and Classifications

- Rounds for handicap and classification can be shot at any time
- When shooting for a new handicap, please shoot at the distance appropriate for your age (if possible) and submit three score sheets from different dates.
- All score sheets must be signed, dated, witnessed and include the full round name eg Junior Windsor if applicable as opposed to Windsor
- Please put your score sheets in the COMPLETED SCORES box located in the clubhouse, if indoors give to Records Officer or put in the score sheets box.

Submitting Scores for Club Record Claims

- Rounds must be shot at an RLSAS club target day[1] or at an AGB affiliated club competition
- Rounds shot at an AGB affiliated club competition will be shot to the current rules of shooting, so will qualify for eligible claims
- For rounds shot at RLSAS target days[1] to qualify they must be shot to the same rules of shooting as would be used at an AGB affiliated club competition. For example:
 - Sights must be appropriate for the round, 1 end of 6, 2 ends of 3, 1 end of 5 etc.
 - Arrows must be shot in ends of 3, 5 or 6 dependent on round.
 - Archers must not score their own arrows – they must be verified by another person
- Claims for club records shot at an external club shoot must be submitted with a copy of the host clubs results sheet
- All scores shot and officially recorded as above should be submitted to the records officer within 21 days of the shoot, failure to do so may result in the claim not being accepted.

[1] Target days are RLSAS organised shoots or designated club meets, currently Wednesday and Friday evenings and Sunday mornings.
