

Target Archery Outdoor Metric Rounds

This table gives the number of dozens of arrows to be shot at each distance, and the target face size, for AGB and WA rounds.

Archers may shoot any of the rounds below. However, dependent upon your gender and age, not all rounds may be used for your Handicap, Classification or Club Records. For more details on individual rounds consult the online AGB Rules of shooting Rule 308b (i) & (ii), and the RLSAS online list of Club Records.

10 Zone Scoring

Round		122 cm Face						80 cm Face						
		90m	70m	60m	50m	40m	30m	20m	50m	40m	30m	20m	15m	10m
